MARRIED ON SILVER ANNIVERSARY OF HER PARENTS

Miss Margaret Finn and Edward Wentworth Wedded on Saturday Afternoon

The wedding of Miss Margaret Finn and Edward Wentworth of Los Angeles took place at 1 o'clock Saturday afternoon, January 14, 1922, at the home of the bride, 218 East Garfield avenue, that also being the silver wedding anniversary of her parents, Mr. and Mrs. M. H. Finn of that address. Rev. James S. O'Neill of the Holy Family Catholic church, officiated, the ring ceremony being used.

The wedding ceremony took place before the fireplace in the living room, which had been banked with greenery, ferns and flowers. Pink carnations and ferns were also used throughout the house.

Attractively Attired

The bride was attractively attired in a gown of peach Canton crepe and dark brown chiffon velvet and carried a bouquet of violets. She was attended by Miss Estelle Murphy of Los Angeles, who wore a gown of black chiffon velvet and also carried violets. Marcellus Doll of this city acted as best man. Miss Mary Hogan of Boston, aunt of the bride, played Mendelssohn's wedding march. A wedding reception followed the ceremony.

Mr. and Mrs. Wentworth will be at home to their friends in Los Angeles upon their return from a honeymoon trip. The young couple received many beautiful gifts from relatives and friends in the east and here, which will find a place in their new home. Both Mr. and Mrs. Wentworth have been residents of California for about a year and a half, coming here from Boston.

Four Residences Are Visited by Burglars

How do "second story men" operate where there are no second stories? At last the mystery has been solved. According to the police blotter, they get in through a front or rear window, or maybe a door, or maybe the chimney. But they are careful to call when no one is home except the family cat.

At 8:30 p. m. Saturday, J. H. Heinmiller reported the robbery of his home at 1016 East Lomita avenue between 5:30 and 8:30 o'clock. Entrance had been gained to the back porch and a rear window jimmied.

At 8:55 p. m. Saturday, John Hobbs reported that his home at 920 South Central avenue had been entered after 5 o'clock. It was found that a rear window had been jimmied.

At 11:40 p. m. Saturday, J. E. Bennett, 1114 South Central avenue, reported that entrance had been gained through a window in the front part of his home between 5 and 10 o'clock. The principal object stolen was an Elgin watch.

At 7:50 p. m. Sunday, W. C. Fraley, 212 North Glendale avenue, reported the robbery of his home between 5 and 7 o'clock. It was found that the screen on the back door had been cut, the door unhooked, and a pass key used to gain entrance to the house. The entire first floor was ransacked.

Several members of the Business and Professional Women's club of Glendale, including Mrs. Gertrude S Griffith, Mrs. Cook, Mrs. Elizabeth G. Pope, Mrs. Mae Myton, Dr. Laura Brown, Mrs. E. P. The women of the class presented Mrs. Cookman with a little booklet containing the pictures of the class members arranged to form the letters J. O. C. Delicious refreshments, which had been prepared by the class members, were served during the evening and a most delightful social time enjoyed.

January 1922 Already Passes January 1921 In Building Permits; Total Now Is $145.497

As much building during the first half of this month as during the whole month of January, 1921! Between 10 o'clock and noon Saturday building permits valued at $3,525 were issued, bringing the total to $145,497 or $1,714 more than last January's total of $143,783.

"I am sure that looks pretty good," stated F. A. Marek, superintendent of building, this morning. "I think that we are doing pretty well considering the rain. There is nothing like a continuous two weeks' rain to dampen the enthusiasm of contractors. They finally get to a point where they are completely disgusted."

Building started out well for the last half of January. In two and a half hours this morning permits totaling $14,000 were issued, Mr. Marek stated that there was no lack of building plans in evidence although the erection of large buildings was being postponed on account of the uncertainty of February weather.

SOMETIMES FIRE IS NEEDED, EVEN IN 'SUNNY SOUTH'

That's Why T. H. Addison Puts Nice Fireplace in Home; Some Building Notes

Of course, it never gets cold in southern California, but just the same Contractor T. H. Addison of 130 North Belmont street doesn't mind putting a fireplace in the six-room home he is constructing at 134 South Cedar street.

"A little fire is nice to take the chill off," says Mr. Addison. "Some times in the morning it gets a bit sharp, but it soon goes away. It is colder in the house than it is outside. You have to go outside to get warm. It isn't so very cold, but sometimes new arrivals think it is. I don't think so because I have been here about fifteen years."

STATE HI-Y BANNER BROUGHT HERE BY WORK OF CLUB

Northern California's Long Reign As Winner Halted by Glendale Youths

Glendale is again honored. This time it is the Hi-Y club of Glendale Union high school. Each month the Hi-Y clubs of the State of California compete for a banner which is awarded by a committee to the club having the best monthly program of service. This banner has been given to the Glendale Hi-Y club for its December activities and is now on display in the window of Cornwell & Kelty's hardware store.

The banner in itself is quite an honor, but is made doubly so by the fact that for the past two years of the contest the banner has been held by Northern California cities each month, with the excepton of one time when the award was made to Redlands Y. M. C. A. club.

Organization Gets Results

The Glendale club has always been well up in the running, but during the past few months has attracted special attention in the state, first, by its well-organized delegation to the convention at Santa Barbara in November, at which time Dale Wood, one of the members, was elected secretary of the Hi-Y clubs of California, and second, by the competent handling of the recent Harry Rimmer visit.

The units of the Hi-Y club are under the leadership of Howard Butterfield, G. Edwin Murphy, P. L. Hatch, William Marple and Carl Seiter. The officers of the Glendale Hi-Y club are Dale Wood, president; Arlin McCormick, vice-president; Paul Edmonds, secretary.

He is declared to be one of the foremost students of archaeology in this country and has explored many of the regions of the Near East where important discoveries have been made in this field.

Building Committee of Tuesday Club Meets

The members of the building committee of the Tuesday Afternoon club met Saturday night at the home of the president, Mrs. C. E. Hutchinson, 246 North Orange street, and conferred with Architect Alfred Priest in regard to plans for the new clubhouse to be built at Lexington Drive and Central avenue. It was found that several changes in the plans would have to be made before same could be presented to the club members for their approval, on account of the cost being somewhat larger than it was thought feasible to undertake.

SEWAGE PROBLEM TO BE REFERRED BACK TO COUNCILMEN

Action by Citizens Today Makes Presence at Mass Meeting Unnecessary

The following self-explanatory statement will be made to those attending tonight's mass meeting on the sewer situation; the result of a meeting of prominent men and members of the council this morning:

"At a meeting held this forenoon in the city of Glendale, at which a large number of representative citizens were present with members of the city council for the purpose of considering the sewage question and the proposed disposal plant mentioned in the papers a few days ago, it was decided to take up a further consideration of the sewer question contemplating the handling of sewage for Glendale and other adjacent communities thereto. It was recommended that the present sewer committee be enlarged in membership so as to further co-operate with the city council of the city of Glendale, in arriving at a final solution of the sewer problem.

"It was recognized at this meeting that the work of the sewer committee now authorized, has been of great assistance to the council and to the city in way of enlightening the people generally on the importance of the solution of the sewer problem. It was also further recognized that the council had during the past months devoted a great deal of time and effort to the sewer problem and that it is generally recognized that the city of Glendale cannot afford to permit interest in this matter to subside.

Trial To Be Given

"It was thought wise to continue the installation of the disposal system that is now being installed for the business district and give it a trial as to its efficiency. It is conceded of great importance that the general sewer system be kept in progress so that in event the local system for the business district should become inadquate or overtaxed, that the connection could be made with such general system so as to relieve the business district.

"To this end it was decided by those present and concurred in by members of the council that the proposed plan of the disposal in the northwest section be referred back

HIGHEST SANITARY AUTHORITIES' ADVICE IS NEEDED IN DILEMMA; LOS ANGELES SITUATION SERIOUS

Outfall Overtaxed, Says City Engineer Griffin's Report; Suburbs Should Take Action to Look After Own Needs

By GIL A. COWAN

GLENDALE is not alone with its sewage problem!

In fact, the situation here is nothing at all compared to that faced by Los Angeles and not half as bad as it is in Burbank.

Everyone appreciates that some sort of a sewage disposal project must be considered. It is the only way in arriving at a satisfactory solution of civic necessity.

Tonight a mass meeting at the high school is called for 7 o'clock for the purpose of thoroughly discussing the plans tentatively put forth by the city in its initial effort to deal with the day's biggest problem. And it wouldn't be entirely improbable to say that some seamstress or shoemaker may get up in this very meeting and express an idea which will eventually be used as a basis for an ideal sewer system. Attention is called to an adjoining article in connection with this subject.

Mergenthaler, the man who invented the linotype, was not a printer. Nor did he perfect the machine, but it was his idea which gave hundreds of others the "right steer," in the parlance of the street. The typesetting machine is now near perfect. That is what Glendale wants and is going to get—a nearly perfect sewer system—thanks to the interest taken by hundreds of people in municipal affairs.

Present plans may be all right. That remains to be threshed out by the citizens. There is one thing, however, which must remain uppermost in the minds of all—criticism must be constructive if it is effective. Now to revert to the subject, there is no need for Glendale to look to Los Angeles for sewerage relief. The Southwest Builder and Contractor of Los Angeles in its current issue says:

"Inadequacy of the present outfall sewer and the gravity of the situation arising from overflowing of sewage was called to the attention of the board of public works by Major J. A. Griffin, city engineer, in a communication requesting that body to ask the city council to prohibit any additional sewer connections to the outfall and to repeal the ordinance requiring house connections to be made on streets served by existing sewers.

"Major Griffin calls the attention of the board to the fact that plans for several miles of sewers are under preparation in his office and urges the necessity of the action recommended. He is in favor of allowing the construction of these sewers with the understanding that they shall not be used until such time as adequate provision for sewage disposal has been made. Construction of house connection sewers where street improvements are made is also favored with a similar proviso. . . .

"The present main outfall is overtaxed at the peak of the flow in dry weather and an intolerable situation will accompany every storm. For nearly two years the city engineer has been urging the necessity of building a new outfall sewer and has predicted just such conditions as now exist if adequate provisions for sewage disposal were not made. The population of the city has increased, however, even more rapidly than any city official had anticipated."

In the case of Burbank, a meeting was held only last week by the Chamber of Commerce there at which time the leading manufacturers and managers of industrial concerns discussed the sewage problem and decided that the future prosperity of that city hangs on the one question.

A great cannery is closed there until it can obtain relief in the matter of sewers and other industries are anxious to co-operate in settling the question once and for all.

In this connection it has been suggested by a person in high position that Burbank, Glendale, Eagle Rock, Pasadena, South Pasadena, Alhambra and other cities encircling Los Angeles could build a great outfall sewer to the sea which would swing around to the south of Long Beach, entirely without the limits of Los Angeles.

Such a solution would involve reduction plants to handle the solids of each city or section, the pumping or siphoning of the water over several hills—a considerable engineering task, but surely no greater than that of the Los Angeles aqueduct.

Indeed, Los Angeles is considering just such a scheme in view of the announced opposition on the part of beach cities to having the effluent dumped into the ocean without any chemical change taking place. Surely sanitary engineers of the highest ability are demanded by the situation and no stone should be left unturned by the southern California municipalities concerned by ehe sewage question until they are ready to deal with needs of not less than 5,000,000 people who will eventually reside in Los Angeles' vicinity.

Really, it is a county-wide problem—one in which the offices of the supervisoral body should be summoned by the people to take command. In the meantime it is well for each municipality to look after its own needs and meet them as best it may.

DR. CRIST REVIEWS CENTENARY PLANS OF TWO YEARS

Methodist Minister Tells of Accomplishments; Glendale's Record Is Excellent

A report on the conference held at Fresno last week was made by Dr. C. M. Crist yesterday morning at the First Methodist church. He also reveiwed the progress of the centenary movement during the past two years throughout the civilized world. Dr. Crist prefaced the report by reading the "Parable of the Good Samaritan." In its application he said:

"The world lies bleeding by the roadside and needs our services. What shall our be attitude? It is to this work that the centenary and its activities are directed.

"The area conference at Fresno followed the large conference held several months ago at Detroit and there will be conferences held shortly at Pasadena, Pomona and San Bernardino.

"What impressed me most was the glow of optimism that pervaded the entire session and a recognition that Methodism is Christianity in earnest and that, as John Wesley expressed it, "The World Is Our Parish.

"There is too often a tendency on the part of people and pastor to take too limited a view of our work. The church is an organized official force to spread the kingdom among men.

Movement Is Success

"On the whole the Centenary movement is a great success. And a larger and better information covering it means still greater success. The Centenary is an anniversary of 100 years of missionary work of the Methodist church. The general conference of 1916 appointed a committee to arrange a suitable celebration. It planned to raise funds as follows: Forty millions for home missions, forty millions for foreign missions and twenty-five millions to help the poor and suffering caused by the war. The church responded and the entire amount was subscribed. This is a great financial enterprise as the means to a great spiritual end.

"The securing of these pledges and their administration has been on a marvelously low cost. Great missionary enterprises have been started and supported. Two hundred and fifty thousand dollars has been paid to help the returned soldier boys along educational lines.

Local Record Is Good

"The San Francisco area, consisting of California, Arizona and Nevada, stands at the top in subscriptions. The Pasadena district is second on the list in per capita giving.

'Forging Ahead' Is Subject of Address Given by Dr. Funk

In an address on "Forging Ahead," Dr. H. C. Funk commended the members of the local Lutheran church for their achievements during the first year in which they had been associated together as pastor and people.

"However, our church cannot live on its record in the past," he said, during the discourse, and continuing the pastor declared "if she would live, and continue to be an important factor in the development of mankind, she must forge ahead. There must be no relaxation, but more life. With more knowledge there will come increased power, larger giving and holier living. We must learn to give ourselves.

"Now, in founding this church, which we love, there will be little room for worldly-minded, pleasure-seeking or lazy people. You will do well to excuse from your roll of members the knocker, the church boss, as well as the man whose chief business is to be a thorn in the flesh to the pastor and a nuisance to the church in general. I am glad that you do not have any of this fraternity in your organization now.

"Neither can your pastor stand around on his dignity and wait for people to come to him; moreover, it is your business and mine to go out into the byways and the hedges and compel them to come in. Your pastor can have no special favorites, for he must be a friend to all, a burden-bearer, a leader and a uniter of the people.

"Our text reads, "And they say unto him, we can." God delights in developing great characters by passing them through the refiner's fire: out of great difficulties; out of the humblest and the most remote places, yea, hated and despised, God calls forth his heroes. Behind prison bars, in the shoemaker's shop, in the miner's home, or deep down underneath the ground the All-seeing Eye detects the possibilities of a mighty man, and brings him forth a conquering hero by imparting unto him the grace to overcome the obstacles in his path, to say 'I can,' and do it."

Identified as a former governor of Idaho, a man recently died at the county poor farm in Topeka, Kansas. He was formerly a miner in Idaho until elected lieutenant governor in 1892. When the governor resigned to accept a Federal position, the lieutenant governor filled out the term.

France's national debt will amount to 320,000,000,000 francs by the end of 1921, according to the senate finance committee.

The Glendale Methodist church has a most enviable record in having overpaid her subscriptions of $4200 a year.

"The final objective of both the Centenary and our local efforts, which culminated so successfully on last Sunday, is the spiritual uplift of the church and community."

CHRISTIAN CHURCH CORNERSTONE TO BE LAID FEB. 5

Announcement Made Sunday Morning, During Service, by Rev. Clifford A. Cole

The cornerstone for the new Central Christian church will be laid the afternoon of Sunday, February 5, according to an announcement made during yesterday's services by Rev. Clifford A. Cole, who also stated that final arrangements for the ceremony had not been completed.

In observance of "Education Day" among the churches of the Christian Denominations, Rev. Cole yesterday took as his theme "Christian Education."

"Every man owes God and humanity the best there is in him," declared Rev. Cole. "The saddest sight in this grey old world is its failures and the most plaintive words, 'it mght have been.' We have no right to expect God to use a mind we wilfully neglected and took no pains to fit for His use."

Errors About Education

Speaking of some errors about education, Rev. Cole remarked that some scorned high education and scoffed at college graduates; others respected "book-learning" alone; while many regarded education merely as a means of making money, escaping the humble and hard toil of the world and getting the easy places and large profits or a means of acquiring social prestige.

Rev. Cole quoted Ruskin as stating three fundamental facts in the definition of an educated person: First, a person who knows where he is; second a person who knows where he is going; third, a person who knows what to do under the circumstances.

Place In Moral Order

"The chief discovery of man is to find his place in the moral order, "declared Rev. Cole. "All other knowledge is secondary. All other motives spring from this motive. We maintain that education does not have as its aim the making of money, a name or even a living—but a life. Education is not to make superior in caste over another, not that you may gain the power or ascendency over your brother but that you may make him better. Over against the law of the survival of the fittest we shall place the law of the revival of the unfit. For it is the duty of the fittest to make the unfit fit."

Rev. Cole paid high tribute to educational institutions supported by the Christian church and other denominations. His subject for the evening sermon was "Satan in Kid Gloves."

COMMENT THAT'S ALL

Battle Over Three Words Should Limit Psychologists Shine On, Oh Beautiful Sun! Fire Feels Good Sometimes

By Gil A. Covan

FOR more than two days the jurors in the Burch case have been battling over the meaning of three words it would seem.

"Preponderance of the evidence" is the term which Mrs. Eva De Mott wanted explained in court last night. Which gives rise to the theory:

That other jurors have told her the prosecution had "preponderance of evidence." Perhaps they are correct, but in any circumstantial net where it is necessary for the district attorney to build a wall without the real truth, it is easy to understand why he should have preponderance of evidence in the testimony.

Without discussing the merit of charges or the reasons for disagreement among the jurors, it is to be remembered by all that little or no effort was made by defense counsel to establish an alibi for Bnrch. True, they resorted to the time-worn tactics of impeaching the state's evidence by showing "the moon was shining bright on a dark and stormy night."—yet they disregarded telling where the defendant kept himself.

The outstanding feature of this hard-fought case has been the presentation of alienists' evidence reducing everything else to the absurd. The sooner psychologists are limited to written statement of fact, the quicker jurors and public will believe what they say.

While the sun shines beautifully in southern California, the northern section of the state is enjoying frosty weather accompanied by fog. At Fresno freezing temperature was registered, something unusual for the San Joaquin valley in which the early oranges are grown.

For those who have lived in the north, however, keen appreciation of the chills of winter can be expressed. After living in the middle west and east where it really gets cold, one can suffer more for the few days a cold spell lasts in the San Joaquin valley.

This is due to the same reason that chilly weather is so noticeable here—insufficient heating apparatus. Steam-heated apartments are almost unknown, but the builder who installs them will never need advertise for tenants.

Deaths and Funerals

VIRGINIA ROWLEY

The many local friends of Mr. and Mrs. L. T. Rowley of 334 Vine street will be shocked to learn of the sudden death of their youngest daughter, Virginia, who passed away at 3 o'clock yesterday afternoon after a ten days' illness. Death was caused by inflammation of the spinal column, the end coming after two operations on the mastoid bone had failed.

When the condition of the apparently healthy girl became alarming last Tuesday night, she was immediately taken to a local hospital, where the first operation was performed. At first it was thought that it was successful and that the patient was recovering, but on Friday her condition began to get gradually worse until Saturday night, when the second operation was performed. Never regaining consciousness she passed away at exactly 3 o'clock Sunday afternoon.

Virginia Rowley was 13 years old and was a student at the local intermediate school, where she was in the eighth grade. She was born in Sunland, where she lived for nine years until her parents moved to this city in 1917. She was of a particularly bright nature and was the friend of hundreds of students and neighbors, who were heart-broken at hearing of her sudden death.

Funeral services will be held tomorrow, Tuesday, afternoon at 2:30 o'clock at the Little Church of the Flowers, Rev. C. M. Calderwood officiating. The body is in charge of James McKellar, who is an uncle of the deceased.

CLAIR J. CRANE

Funeral services for Clair J. Crane, formerly of Glendale, and who passed away at his home in Los Angeles Saturday morning, January 14, 1922, will be held tomorrow, Tuesday, morning at 11 o'clock at the Little Church of the Flowers, Forest Lawn Cemetery. Pulliam & Kiefer Undertaking company in charge.

"BOBBIE" SHALEY

"Bobbie" Shaley, small son of Mr. and Mrs. Paul T. Shaley of 328 East Dryden street, died yesterday, Sunday, January 15, 1922. Funeral arrangements are being made by Pulliam & Kiefer.

Robert was born in Los Angeles April 28, 1917. Funeral services will be held Wednesday morning, January 18, 1922, at 11 o'clock at the Little Church of the Flowers.

Canadian Farmers in Need of More Money

WINNIPEG, Man. — Manitoba farmers require $10,000,000 to finance their operations for 1922, in the opinion of government officials in close touch with the situation.

Not 10 per cent of western Canadian farmers, it was said, received sufficient return from their farms this year to pay for threshing and freight charges on grain shipments. Thousands of farmers will not be able to pay their taxes this year, according to reports reaching the government.

Rural credits and farm loans departments have loaned to the extent of their appropriations.

SEWAGE PROBLEM TO BE REFERRED BACK TO COUNCILMEN

Action By Citizens Today Makes Presence at Mass Meeting Unnecessary

(Continued From Page 1)

to the committee and the council in connection with the consideration of these two bodies and disposed of by the action of the committee and council after full consideration of the entire matter.

No Need to Attend Meeting

"This action having been taken by the meeting, makes it unnecessary for the attendance at the proposed mass meeting at the Union High school this evening for the purpose of considering the sewer problem.

"Immediate action will be taken by the council to appoint additional members of the sewer committee and the matter will proceed as herein indicated.

"At the meeting held this forenoon, the fact was brought out that a general sanitary district will probably be projected, contemplating the treatment and disposal of sewage for the various contiguous municipalities of Los Angeles County. This is a matter of great concern to the people of the different municipalities of Los Angeles county and it is hoped that by co-operating with each other, some effective plan can be evolved whereby the entire question can be satisfactorily solved. This matter will be taken up at once by the enlarged committee."

Boy Scout Troop No. 2 Dedicates Cabin at Verdugo

A long wished for dream came true last Saturday evening when Troop No. 2, Glendale Boy Scouts of America, dedicated their cabin with their parents and friends in attendance.

The site chosen for the cabin is ideal for scouting purposes. It is surrounded with trees and wild growth and yet is in the heart of everything civilized. It stands as a monument to aspirations of boys—dreams come true. The cabin is situated in the Verdugo Woodlands on land owned by Charles L. Chandler the president of the local scout council. It was built entirely by the boys with the exception of the fire place which was constructed and planned by Scoutmaster Robinson, and best of all everything is all paid for.

The cabin consists of three rooms—assembly room, kitchen, and office. The assembly room is a large affair with bookcases and a huge fireplace at one end. A large range is in the kitchen and the office is fully equipped. In fact everything was so complete and neat and orderly that one could hardly believe that all was the work of boys.

Following brief talks by Mr. Chandler and the new scout executive all sojourned around a big campfire in the council ring and a snappy, humorous program was put over which was entirely arranged by the boys. The parents were delighted with the whole affair which was brought to an impressive close with the blowing of taps in various sectors of the woodlands.

TWILIGHT RECITAL FOR ORGAN FUND LARGE SUCCESS

Perfect Program Is Given at Glendale Theatre; Audience Displays Appreciation

The first twilight subscription recital at the Glendale theatre Sunday afternoon for the benefit of the organ fund of the Holy Family church proved that the venture is going over the top 100 per cent in every respect. Glendale people turned out splendidly to enjoy the program, and the beautiful theatre was crowded with music lovers, Catholic and Protestant, almost to its capacity. Several hundred people motored from Pasadena, Los Angeles and Hollywood to attend the recital and be it said, no one left the theatre with any feeling of disappointment in the artistry of the finished program.

The program opened with a duet for organ and piano, Paul Carson at the organ; Harry Girard at the piano. Selections from Kamennai, Ostraw and Anton Rubenstein. There followed three vocal duets by Mr. and Mrs. Harry Girard, which incluuded "Mother Love," one of Mr Girard's favorite compositions.

Every Number Is Perfect

Alma Murphy-Halff was very pleasing with her "Recitations for children from 7 to 70." Carl Gantvoort, who needs no introduction to Southern California audences sang three ballads, and won enthusiastic applause with his rendering of "Danny Deever," by Kipling with Damrosch's musical score.

Miss Truly Shattuck sang "For All Eternity," by Mascaroni; and delighted her audience with her own touching interpretation of "The Sunshine of Your Smile" as an encore.

James Burroughs was scheduled to sing "Pale Moon" by Frederick Knight Logan, as his one number but he was forced to come back twice by the enthusiastic audience, that was completely won by the charm of his voice.

Frank C. Egan recited "Hiawatha's Wooing," accompanied by Mrs. H. D. Ryus at the piano. The tale is in itself alluring, but handled by a master in the art of the drama it took color and life and carried listener hypnotically through the green forest glades to the tinkling waters of the Minnehaha.

Father O'Neill Gives Thanks

It was much to be regretted that Rev. James S. O'Neill was not able to be present at the opening of the program and make a short speech of welcome to the people. It was near the close of the afternoon that Harry Girard, nearly bursting with happiness over the huge success that had crowned his efforts, introduced Father O'Neill, and gave him the opportunity to express his heartfelt thanks to the people who so generously gave of their time and their talents to help complete the beautiful church that will be a monument of which Glendale will long be proud.

Although his name was left off the program Harry Girard, did not disappoint his friends, but sank Dio Possinti from "Faust" and "The Road to Mandalay." He had some difficulty at times, trying to sing and smile at the same time, but his hearers were very pleased with the results.

The closing number, the Sextet from "Lucia," was rendered by Agnes Cain-Brown, soprano; James Burroughs, tenor; Truly Shattuck, mezzo; Carl Gantvoort, baritone, Virginia Ainsworth, contralto; and and Harry Girard bass. Mrs. H. D. Ryus at the piano and Paul Carson at the organ and it proved a fitting close for the splendid program. When artists give their treasures away, it is said, they always give their very best, and this certainly proved the case, though Harry Girard claims they have still greater treats in store at the next recital.

Many Gave Their Help

The great success of the benefit can be largely attributed to the people of Glendale and Los Angeles who gave it their help. The list of patrons and patronesses includes many of the foremost families of Glendale, every creed being well represented. Mr. and Mrs. L. C. Brand, Mr. and Mrs. C. H. Toll, Mr. and Mrs. J. H. Braly, Mr. and Mrs. Mattison B. Jones, Mr. and Mrs. Jesse Smith, Mr. and Mrs. John S. McGroarty of Tujunga, Mr. and Mrs. Joseph Scott of Pasadena, Mr. and Mrs. E. L. Doheny, Mr. and Mrs. C. C. Desmond, Mrs. G. Allen Hancock, M. A. Hamburger and Reese Llewelyn of Los Angeles, being only a small part of the 400 patrons and patronesses who gladly associated themselves with one of the greatest musical treats Glendale people have ever enjoyed. The people who listened to the first recital might well be said to be the finest representation of Southern California's "finest families" that has ever been brought together in Glendale.

But, as Father O'Neill so aptly expressed it, "it takes everybody to make a success of a thing of this kind." The people who purchased the tickets and the Glendale merchants who advertised in the beautiful souvenir programs all showed the same spirit of co-operation that made it possible for the organ fund to go over the top 100 per cent.

Electrical Satisfaction is Up to You

THERE'S one sure way of getting it, and it's perfectly simple. Employ a qualified contractor and pay him a fair price. Cut-rate electrical work is never economical—you spend far more in the end, in replacing the skimped workmanship and poor materials which made the cut-rate bid possible.

Qualified contractors employ good workmanship, charge fair prices and use standard materials and appliances such as those which the Pacific States Electric Company, with a world market to choose from, has tested, approved and certified with the "check" seal reproduced at the bottom of this advertisement.

Electrical merchandise bearing this mark can be obtained through contractors and dealers who are qualified as to responsibility and technical competence. When you need the services of a qualified contractor, the Pacific States Electric "check" seal on materials and appliances is a helpful guide in finding one.

You will enjoy our new booklet "The Electrical 'How' for Householders" which lists some of these standard materials and appliances and describes their use in the course of a typical day in an electrified home.

AUDIENCE IS TOLD DRAMA OF CROSS BY REV. EDMONDS

Powerful Sermon Is Delivered at Presbyterian Church on Sunday Morning

"The Drama of the Cross" was the theme of Rev. W. E. Edmond's sermon Sunday morning at the Presbyterian church.

"The whole history of Jesus Christ's tral and death lends itself to the highest dramatic art," declared Rev. Edmonds. "May we this day feel we have seen Him in the flesh. The Bible is a series of living pictures, all centered about the thought of sacrifice, the death of one for all. We are coming to the cross this morning, not to the historic fact but to the present fact for each one now. Look at a series of pictures in the center of which see Christ, the lamb slain for the redemption of the world.

"First, Eden and the first parents, fallen, shrinking in nakedness, seeking because of dreadful sin to hide from the creator, who would companion them. God made for them garments of skins sacrificing the innocent animals to furnish them. In symbol here was the cross in Eden.

It Confessed Sin

"Next a worship scene. One is at his best when upon his knees. Cain comes with beautiful fruit and flowers for an offering but God will not recognize it—a sacrifice for sin is not for beauty. And Abel's acceptable offering had no beauty about it but it confessed sin.

"Pass on another age of time. See the ark left stranded on a mountain side. See Noah's little company of eight come forth and gaze over the scene of the flood's desolation and death. The first thing Noah does is to build an altar. Lambs from those he has saved are brought and sacrificed and God speaks and sets his rain-bow of covenant in the sky. And therein Christ spoke.

"Five centuries more have passed; the world has been started anew but again men have forgotten their maker. But God was preparing Abraham, who must learn the keynote of God's message, the cross and the coming Redeemer. The heart of the gospel was in that scene where he made ready to offer his dear and only son and then the ram was provided instead. Then God knew he could be altogether trusted.

Hour of Deliverance

"Come on down another 500 years. Abraham's descendants are down in Egypt, now slaves but the hour of their deliverance has come. They have made ready to go out. The angel of death is to strike every home of the oppressing Egyptians but in every house of Israel a lamb has been slain and its blood sprinkled on the door posts. A history began for the Israelites from that passover.

"Come down later into their camp. Never such another! Everywhere something relating to sacrifice. One comes leading a choice lamb. He lays his hand upon it. The lamb at once is counted as receiving the man's sin and is slain as the guilty one and burned outside the camp. So outside the camp Jesus died bearing our sin.

"Go down now into the Valley of the Jordan. See John the Baptist, a new messenger with a great new message 'Behold the Lamb of God that taketh away the sin of the world.' The hope of the ages is coming. And finally let us go to Patmos with Old John the Apostle, and with him look through the open gates to the new Jerusalem. Behold there the 'Lamb as it had been slain'; hear the new song, 'Thou are worthy for thou wast slain and has redeemed us to God by thy blood.' Yes, even in heaven it will still be Jesus Christ evidently set forth crucified among a redeemed host. We will see His scars and wounds received for our redemption."

Visit Every Member Presbyterian Church

The more than 300 families, forming the congregation of the Glendale Presbyterian church, were visited yesterday afternoon by fifty men of the church divided into twenty-five two-men teams.

Rev. Louis Tinning, assistant pastor, stated this morning that the men had enjoyed making the calls and that they had been most hospitably received.

This "Every - Member - Visitation" was in charge of James Newton, 521 North Jackson street, and J. W. Cooper, 1020 East Lexington drive.

Following the morning church services, lunch was served to the teams by the women of the church.

Two Bicycles Stolen, Is Report to Police

Two bicycles were stolen from local residents over the week-end, according to report made to the police. One belonged to Kenneth Hallyer, 365 West Milford street, and was taken from the curb in front of Webb's Dry Goods Store, 103 South Brand boulevard, late Saturday afternoon. The other was the property of Daryo Parker, 1432 East Maple street, and was stolen Sunday evening from the Presbyterian church.

Much Property Is Sold in Glendale on Sunday, Report

Hundreds of thousands of dollars' worth of property in Glendale vicinity was sold by subdividers Sunday. It is believed that the day's record will outdo any other in the transfer of vacant lots.

Dahlia Heights in Eagle Rock was one big center to which hundreds flocked. Verdugo Woodlands attracted scores with its high class foothill offerings. Numerous buyers were reported at Broadway Heights, Kenneth Terrac, Kipper's Orange Grove, and Glendale Heights, not to forget Fairview No. 2, Meeker's Orange Manor and a dozen others.

In Glendale Heights, located at the extreme southern end of Adams street Lon J. Haddock of the Haddock-Nibley company revealed plans for a new gateway into Los Angeles. Adams street will be continued over the hills into the heart of the city, he says. However, plans are yet premature.

The desirability of this vicinity for homesites may be seen in the purchase of not one lot, but as many as five and six by purchasers who are looking to the future when their friends will come from the east and reside in the same community.

Junior Auxiliary Has Meeting and Rehearsal

The members of the Junior Auxiliary of the Glendale Music Club, of which Miss Veda Knapp is president, met Saturday night at the home of Mrs. Spencer Robinson at 1234 East Windsor road, director of the auxiliary, at which time rehearsal was held for part of the program to be presented before the Glendale Music Club Friday night, January 20, which will be open to the public.

Mrs. Robinson states that it is her desire that the auditorium be filled on that evening to show the appreciation of the work the auxiliary members have accomplished in so short a time since their organization less than a year ago. The remainder of the evening was given over to games, after which refreshments were served.

Ford to Start Auto Factory in Germany

DETROIT—The Ford Motor Company is planning to start a factory in Germany for the manufacture of automobiles for the German, Prussian and other Eastern European fields, it is reported here in usually reliable circles.

Charles E. Sorenson is now in London and will leave for Germany in a few days to make necessary arrangements, it is said.

Present plans call for buying a plant in Germany adaptable to the manufacture of automobiles. Definite plans as to volume of output and the number of men to be employed are not ready for announcement.

Theatre Syndicate Now Investigating Field in Glendale

Louis R. Lurie, head of the syndicate which owns the Columbia and Century theatres in San Francisco, states to the International News Service that:

"While not at liberty to discuss the details, I can say we are interested in the Glendale field. I have just received a report from one of my men which is now being considered. What action will be taken I cannot say other than to confirm the report that we are interested in the situation."

by the defense who have not hitherto appeared in the case. It could not be confirmed today, but the report was current that Betty Campbell, showgirl, now in Chicago, and a guest at the Arbuckle party, would appear as a witness in this trial and give testimony tending to substantiate the story told by the defense of the happenings at the gay party after which Virginia Rappe died.

FAR EAST TWINS COME UP FOR CONSIDERATION AGAIN

WASHINGTON, Jan. 16.—The troublesome far east twins—Shantung and the demands of China—came to the center of the conference stage again today, to remain this time until their fate has been finally settled by the conference powers. It is the plan of the American delegation, supported by the British to drive straight ahead on the Shantung issue until it is settled. To this end, it had been intended not to hold meetings of the far east committee or the naval committee today but after a conference between Secretary of State Hughes and President Harding at the White House this morning, it was announced that the far east committee would meet at 3:30 o'clock this afternoon. It was explained, however, that this meeting will not be allowed to interfere with the progress of the Shantung negotiations.

U. S. TO SANCTION A LOAN OF $5,000,000 TO CUBANS

WASHINGTON, Jan. 16.—The United States will sanction a loan of $5,000,000 to the Cuban government by private American bankers, the state department today informed Dr. Carlos de Cespedes, the Cuban minister. This decision was reached, it is understood, following conferences by state department officials with Major General Enoch Crowder, who has just returned from Havana, where he has studied Cuban financial affairs.

REFUSES TO PRESS HUBBY'S PANTS; IS THAT CRUELTY?

SACRAMENTO, Jan. 16.—Is a wife's refusal to press her husband's trousers and keep the creases in a pronounced condition an act of cruelty? This is a question which Superior Judge Shields will have to decide when the divorce suit of R. A. Petch against Mrs. Annie Petch is called before him. Petch alleges that his wife was averse to pressing the trousers and also that she refused to allow him to go duck hunting when he so desired.

JURY IN ARTHUR BURCH CASE REMAINS IN DEADLOCK

LOS ANGELES, Jan. 16.—Chances for a verdict from the deadlocked jury in the case of Arthur C. Burch, tried for the murder of J. Belton Kennedy, diminished today when the first ballot taken by the jurors, resuming their deliberation over Burch's fate after having been out for more than 65 hours, showed no change in votes. It was reported that the jurors stood ten to two, apparently for conviction. It was understood that the division of the jurors was on the question of Burch's sanity and that Mrs. Eva de Mott, with either Mrs. W. W. Swetland or George R. Baker, was holding out for acquittal.

LLOYD GEORGE BELIEVES ALLIED POLICY WILL STICK

LONDON, Jan. 16.—Premier Lloyd George today assured members of his cabinet that he believes the basis of allied policy reached at Cannes will not be disturbed by the resignation of M. Briand as French premier and the appointment of Raymond Poincare as his successor. Premier Lloyd George is understood to hold the conviction that the overthrow of M. Briand was due rather to his record in the Washington conference and his near east policy than to any determination of the French to overturn the decisions of the supreme council at Cannes.

BRITISH FORMALLY GIVE UP FAMOUS DUBLIN CASTLE

DUBLIN, Jan. 16.—Dublin castle, for more than 700 years the seat of British authority in Ireland, was the scene of an historic event today when Lord Fitzalan, the British lord lieutenant for Ireland, formally relinquished his powers to the Irish provisional government. Dublin castle, long the target for bitter Irish hatred, was peacefully "captured" by the Sinn Feiners. Occupation of the ancient structure, symbolic of Britain's domination, began Saturday when the old archives were burned and Sinn Fein deputies began taking possession. Led by Michael Collins, the members of the Irish provisional government, entered the room of state where the final ceremonies of surrender took place. Great crowds gathered outside the gates and cheered.

Fair Faces Many Suits

Suits for claims aggregating about $10,000 against the San Fernando Valley Fair and Market have been filed in Los Angeles county courts. The suits are brought against the stockholders of the association which was organized in 1920 and among whom are a number of valley ranchers and business men. The claims are for debts incurred by the association in connection with the holding of the fair at San Fernando last September.

Marian Building Booms

Improvements, totaling in value over $80,000, are now under way at Marian. Contracts have been signed for eight Spanish residences for reliable parties in the townsite and arrangements have been made for the financing by H. J. Whitley of four one-story store buildings with ornamental brick and marble base fronts and a two-story brick business block, 50x60, containing a corner room 30 x60 suitable for a bank.

Lives in His Motor Car

Then there is Dr. C. I. Hutchinson who is improving his foothill property. He lives in a motorcar home while building. Two berths, a lavatory, kitchenette and electric lights provide him with every comfort. A gasoline stove is used for cooking, an oil stove heats the car and several extinguishers provide fire protection. He motors to the nearest hydrant every day for water.

Plan C. of C. Building

Members of the Sunland Chamber of Commerce have under consideration plans for a Chamber of Commerce building to be erected on the state highway on the new Rowles subdivision. Whether the building should be of wood or of concrete and whether it should be large enough to house the Sunland branch of the county free library as well as an information bureau and Chamber of Commerce headquarters are details still undecided.

Helps Former Service Men

The Women's Auxiliary of Theodore Koethen post, No. 227, American legion, at Eagle Rock is actively engaged in giving cheer to the former service men and women who are recuperating their health at Thornycroft sanitarium, Glendale. Jelly, home made candies, smokes and fruit are regularly taken to the sanitarium where it is keenly appreciated.

For Boy Scout Troop

The American legion is planning to organize a Boy Scout troop in Tujunga, and also a camp of the Camp Fire Girls. The legion will look after both organizations and a Pep committee has been appointed to make things move. Comrade Maxwell and Comrade Insley are chairmen. It is probable that the former will be scoutmaster, and Comrade Hill drillmaster. Mrs. Begue and Mrs. Hill will organize the Camp Fire Girls.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.

'Gipsy Blood,' With Pola Negri, Now on T. D. & L. Screen

Another great contribution to the art of the silent drama has been made by Pola Negri, the European star, in her characterization of Carmen in "Gipsy Blood," the First National attraction which had its first showing at the T. D. L. theatre last night.

Ernst Lubitsch, who directed Pola Negri in "Passion," which was a sensational success in America, also directed "Gipsy Blood," and shares honors with the star in this latest masterpiece of the screen.

Harry Liedtke has the role Don Jose Navarro, the Spanish dragoon who falls a victim of the smiles and wiles of the tantalizing Carmen. It was Liedtke who had the role of Armand de Foix in "Passion" opposite Pola Negri.

Wallace Reid, Paramount star, will be seen at the T. D. & L. theatre in his latest comedy, "Rent Free," in which he portrays the role of an artist who lives on a roof-top to escape paying rent. Every scene has a thrill of its own and there are many laughs. Lila Lee heads a competent supporting cast of players.

Lavender and Old Lace' Sweet, Clean Picture Production

"Lavender and Old Lace" with Marguerite Snow, Louis Bennison and Seena Owen as stars, is the delightful picturization of Myrtle Reed's great story which is now being shown on the crystal bead screen of the Glendale theatre.

Sentimentalists who raved over the series of stories by the late Mrs. Reed will fall down and adore the dramatic triumph of Director Lloyd Ingraham. It is a picture that should stir up the tender feelings in the breasts of even the most materialistic and matter-of-fact persons. "Lavender and Old Lace" will undoubtedly find its greatest appeal among the women of Glendale.

This type of film cannot be praised too highly and the Renco Film Company is to be commended on its achievement. It is sweet and clean—elements that are disregarded by many producers. An interesting comedy providing plenty of spice for the program, and the usual film divertisements complete the bill.

Glendale People on Boards of Directors

Among recent incorporations filed it is noted that William J. and Julia Hunt of 903 East Acacia avenue are directors of the Consolidated Plaster Lath and Wall Board company of Los Angeles which has a capital stock of $250,000.

Oliver O. Clark, an attorney residing at 346 North Louise street, is a director of the Van Over Film company of Los Angeles, incorporated for a half million dollars.

The Will Robertson Auto Camps of Los Angeles has filed articles of incorporation for $25,000.

Loot From Maxwell Agency Totals $568

E. V. Jellison of the Maxwell agency and service station at 1004-1006 South Brand boulevard, reports that the robbery of his place Friday night amounted to much more than was first indicated by police reports. The loot is worth $568 cash value, he states, and included twenty-seven tires and twenty tubes.

Chief A. O. Martin is personally pushing the investigation of this case with a view of apprehending the bold thief who broke the padlock on the front door of one of the city's centrally located business institutions.

New Lumber Concern to Open Here, Report

In addition to six new lumber yards which have been established during the last year along the San Fernando road in Glendale and Burbank, it is reported that the Hammond Lumber company is backing a firm which will open another yard. While competition may be the life of trade, there is every indication that certain lines of endeavor are apt to be overdone.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

TEAMS IN ELK BOWLING GAMES TO BE PICKED ON WEDNESDAY

Final Arrangements for Season's Play to Be Made at Meeting; Thirty Games for Each Bowler

By HOWARD M'GILLIS, Sporting Editor The Evening News

The final meeting of the members of the Glendale Elks bowling tournament, which was officially organized last week, will take place in the officers' quarters at the local club house on Wednesday night of this week.

The purpose of the meeting will be that of selecting the personnel of the various teams and the final preliminary arrangement for the season's play, which is scheduled to start on February 1.

As was previously announced the proposed tournament is to be a no-handicap affair, with the teams being divided according to their average scores into two separate divisions—namely, Class A and Class B. The bowlers in Class A will be those who averaged more than 150 pins per game in the recent handicap tournament while those in Class B will consist of those who averaged below the "one and a half" mark.

The captains of the teams, who were selected last week, were chosen according to their rank in the final standing of the handicap league, those with the six highest averages made in the entire tournament to lead the Class A teams and those who finished at the top in Class C, which included all bowlers who averaged less than 150, to captain the Class B aggregations. They are as follows:

Class A—Herbert Grenfell, William Viohl, Joe Fortunato, Bert Ward, James Apffel and Ed Clark.

Class B—Vernon Vogel, Vincent Salmacia, William C. Wattles, Ed Lawrence, Jack West and Homer Bullard.

Each division will include six 3-men teams, each of which will play every other squad twice during the season. The entire schedule, which is to be completed at Wednesday's meeting, will consist of thirty games for each team and will provide for six matches each week. Three matches will be played on Wednesday and Friday evenings, respectively, using all of the alleys.

Of the thirty games scheduled for each bowler it will be necessary for those who figure in the prize-winning to compete in at least twenty-one contests.

Those in charge of the league are contemplating the organization within the next few weeks of a bi-monthly "ladies' night," the plan calling for the playing of a regular league season of bowling by the lady relatives of Elks.

A number of prizes will be given to the high teams and individual players, the competition to be conducted similarly to a regular league.

With the poor showing made by Harry Wills, the negro heavyweight, in his recent ten round match against Bill Tate, the heavyweight division prospects relapses into its shroud of gloom and, at the present time, it looks very much as though Champion Jack Dempsey was going to have a year of utter inactivity as far as ring engagements are concerned.

Of course, there are three or four men who are constantly being talked about as being available to put in the ring with Dempsey, but it must be remembered that the champion has some ideas of his own as to his financial worth in the ring and the difficulty lies in getting up a purse sufficient to interest him. It is all very well to pay a pugilist big money if he is going to battle against an opponent who stands some chance of winning, but the public is not inclined to pay high prices to witness a foregone conclusion. It might pay three to five dollars to see Dempsey in action against any of the men suggested, but it will pay no more, and these prices would not suffice to pay one half of what Dempsey would ask to get into the ring with any promoter.

At least, there will be no more talk about putting Wills in the ring with Dempsey and, for this, there are thousands of fans all over the country who are glad. Ever since the experience the country went through in connection with the negro Jack Johnson, when he acquired the championship crown, there has been an unmistakable sentiment that a mistake was made at that time when a negro was pitted against a white man, and the consensus of opinion was that it would not be allowed to happen again.

The fact taht the color line has been more or less disregarded of late is the result of a widespread desire to see Dempsey in action, and this desire seems to have been getting the better of the sounder judgment which prevailed at the time Johnson was going the pace.

As a matter of fact, the ring game now is considerably in the dumps. Champion Johnny Wilson, seems to have been getting himself pretty generally disliked by various state boxing commissions, and if the thing keeps up, he will have to go to Siam in order to get on a bout, unless they already have heard of him down there.

What with various ailments which have postponed one bout after another, there has really been nothing doing in the way of an old fashioned championship bout in the lightweight division. When one recalls the great fights of yore, as for instance, that between Gans and Nelson, Wolgast and Nelson, Ritchie and Rivers, and others of that brand, the present events appear tame indeed.

Just what is necessary to bring things back is rather a wide question to answer. In the case of the heavyweights, the answer is simple. A man who can stand up before Dempsey must be developed. There are no ifs, ands and buts, about that. He not only must have the physique but he must be a fighter. We have found out just how good mere physique, or size, is against Dempsey in the case of that behemoth, Jess Willard. Nobody wants to see that spectacle repeated.

What has happened to the great indoor track and field meets that were held all over the Pacific Coast? Up to 1914 high class meets were held at Los Angeles, Portland, Ore., Seattle and San Francisco. Since that date indoor competition has died a natural death. The record books still show "Pacific Coast indoor records, wood track and dirt track." Some of these records compare exceptionally well with national indoor records and it was at several of these events that Ralph Rose made his various indoor shot put records, Pat Donovan his 56 pound weight world and national records, Templeton his short distance high hurdle world record and so on.

Back east indoor meets have gained a larger following than ever before. No less than seventeen indoor meets are scheduled in the vicinity of New York alone for the next few weeks. The Metropolitan indoor championships are to be held January 17.

The first meet of the Western Swimming association at San Francisco proved an unqualified success. This is the organization of swimmers which has taken exception to the autocratic methods of the Amateur Athletic Union district branch. The new organization is not out to "buck" the A. A. U., but the swimmers want competition. The A. A. U. branch refuses to promote or help promote the proper meets and, consequently, the swimmers have taken the bull by the horns and are doing their own promotion under the name of the Western Swimming association. Rumor has it that the twenty odd young men who swam in the two races last week are to be suspended by the A. A. U. branch. If such a thing happens the swimmers will probably appeal to the Board of Governors of the A. A. U. in New York. From all evidence in hand the boys should be supported by the A. A. U., and if the district branches place suspensions on them the Board of Governors should order a thorough investigation of the swimming situation in California. It would pay the A. A. U., in the interests of amateurism, to pay the way of a thoroughly competent swimming official from New York to investigate the trouble in California. Investigation of this sort by A. A. U. men resident in the district would be a farce and determine nothing, other than keep the men suspended. There is considerable justice and fair play in the stand taken by the swimmers on the Pacific coast in the matter.

All the coast college basketball teams have not swung into action and are pointing towards their "big games." The Universty of California, last year's conference champions, have another remarkable team with only Symes, last year's captain, missing from the line up.

In southern California there is a big basketball boom and all the leading college and club teams of northern California are touring the south. There are numerous teams in northern California, but in San Francisco the lack of courts is greatly handicapping the progress of the sport.
